Lieutenant General Lew Allen, Jr. (USAF) Director, National Security Agency Fort George G. Meade, Maryland

Dear Lew:

Your letter of 27 August to Bill Colby commenting on the draft letter of instruction to the SIGINT Committee Chairman is most helpful.

I agree that the basic problem re requirements goes far beyond the SIGINT Committee itself. One task is to find a way to treat with these matters in a broader context. We are working on some alternatives and we will be back in touch.

25X1

Sincerely.
